Dear Examiner Pascua:

The main purpose of this letter is to provide you with a record, with an extra copy of the prior art envelope system of Transkrit Corp. which you can take apart and destroy, if desired, when you are through with it. A paper is being filed placing the Transkrit prior use of record.

I checked with the Office of Petitions and was advised that it was proper to file the sample Transkrit prior use for the record.

Please also note that on May 9, 2000, I filed an IDS with the mail room. Please be sure that that IDS arrives at your group before you act on the case.

Sincerely,

William D. Hall
